U. S. MAY ACT
AGAINST GM STRIKE

Intervention Likely as New
Breakdown Comes in Auto
Negotiations.

By The Associated Press
Another breakdown in negotiations between the CIO United Automobile Workers and General Motors Corp. brought the possibility today of government intervention to settle the strike. The government has made 225,000 GM employees idle.

Unless you are now prepared to modify your unreasonable wage demands, General Motors told the union last night. "We do not think anything can be gained by further negotiations," it said.

The union, before the strike, charged of unfair labor practices against General Motors, and the management denied the charges. The UAW vice president said the National Labor Relations board would be notified of further violation "if the employer act by refusing to negotiate at all on our wage demands."

Referring to a union proposal to determine the company's cost of production, the company said it should be clear "that we will not negotiate with anyone regarding our selling price and profits."

The union accused the company of "cheating, which Reuther over Half Million Idle

General Motors dispute was a factor in keeping the total of workers affected by the strike above the mark.

The union and company differed on the effective date of the strike. The company said it was 80 percent effective among 200,000 workers at Detroit, while the union said it was 92 percent effective at 250,000 workers at Detroit, and 90 percent at other plants.

LOCAL STEELWORKERS
TO VOTE ON STRIKE

Unions Will Cast Ballots at
Plants Tomorrow.

Steelworkers affiliated with CIO locals here will join other locals throughout the nation in a strike vote tomorrow in connection with the national union's request for a \$2 a day wage increase. The voting will be held in the afternoon from 2:30 to 5:30 at the shops. More than 700 steelworkers organizations throughout the country will take part in the voting tomorrow.

Locals here include Steelworkers Local No. 3419, Baker Wood Preserving Co.; Local No. 1948, Marion Steam Shovel Co.; Local No. 2827, Marion Steam Shovel Co. Office Workers, Local No. 2721, Pollak Steel Co., and Local No. 1947, Alloy Cast Steel Co.

Plans for participating in the nationwide vote were discussed at a meeting of more than 600 steelworkers affiliated with locals here, on Nov. 10.

NO TRACE REPORTED
OF BUCYRUS BANDITS

Special to The Star
BUCYRUS, Nov. 27—Five hold-up men, who held up and robbed the management and part of the patrons of the Palm Supper club, popular Bucyrus gaming place, early Sunday morning, were still at large after escaping with what the manager, A. P. Topper, estimated was about \$300. Topper, who was slugged by the men, said the money represented amounts taken from the safe and the cash register.

The club was in full swing when the men masked and fully armed made their appearance and patrons were forced to stand with upraised arms facing the wall while a systematic search for "the manager" and the house money" was made by the bandits.

M'NARNEY SEES LONG
GERMAN OCCUPATION

By The Associated Press
FRANKFURT, Germany, Nov. 27—Gen. Joseph T. McNarney predicted today Germany would be occupied at least ten years and probably longer.

He spoke as he assumed command of American troops in the European theater from Gen. Eisenhower, new Army chief of staff.

McNarney said Gen. Eisenhower had canceled plans for an immediate visit to Europe to bid his command farewell, but that he would return, if possible, at a later date.

He said he hoped to inaugurate a gradual policy whereby officials with long overseas service would be able to get home as soon as replacements were found for them. He said he doubted whether there would be a general homecoming.

A transport carrying the general and his staff, including Brig. Gen. Leo M. Kreber, left San Fernando yesterday with 317 officers and 6,727 men. Another transport with 144 officers and 3,636 men left today with the last of the 37th troops on Luzon. About 15 days is required for the crossing.

HURLEY QUITS POST,
RAPS POLICY OF U. S.

By The Associated Press
WASHINGTON, Nov. 27—Major General Joseph T. Hurley today announced his resignation as United States ambassador to China, and asserted American foreign policy had failed in Asia.

Hurley charged the United States had "finished the war in the Far East, furnishing lend-lease supplies and using all our reputation to undermine democracy and bolster imperialism and Communism."

"In diplomacy today, we are permitting ourselves to be sucked into a power bloc on the side of colonial imperialism against communist imperialism," he asserted.

"I am opposed to both I still favor democracy and free enterprise."

The retiring ambassador to Chungking said he agreed entirely with the outline of American foreign policy which President Truman made in his Navy day address but stated "professional diplomats in the lower echelons were frustrating attainment of announced policy aims."

Hurley said that when he was assigned to China he was directed by President Roosevelt to prevent collapse of the Chiang Kai-shek government and keep the Chinese army in the war.

Hurley stated that these objectives were accomplished.

Hurley said, however, it was no secret the American policy in China did not have the support of all the career men in the state department.

Sided with Reds

"The professional foreign service men sided with the Chinese Communist party and the imperialist bloc of nations whose policy it was to keep China divided against herself," Hurley asserted.

"Our professional diplomats continuously advised the Communists that my efforts in preventing the collapse of the national government did not represent the policy of the United States."

"The same professional spokesmen advised the Communists to party to define satisfaction of the Chinese Communist army with the Nationalist army unless the Chinese Communists were given complete control."

"Despite these headlongs we did not prevent the Chinese from being overrun by the Japanese."

Hurley said that when some "professional diplomats" were recalled from China as his request they were placed in the state department.

SCHOOL BOND
ISSUE LOSES IN
VOTE RECOUNT

Shows Defeat by 23 Votes;
Resubmission at Later
Election Planned.

Recount of the vote last Nov. 8 on the city school bond issue shows the issue defeated by 23 votes. The original official count made the day after the election showed it lost by six votes.

The recount was completed yesterday about 5 p. m. by members of clerks of the Marion county board of elections. Less time was required than originally expected, first estimates being that two or three days would be required.

The recount gave the issue 5,662 favorable votes and 5,685 against, lacking the needed 65 per cent majority by 23 votes.

The issue received a favorable vote of 64.76 per cent, less than three-tenths of one per cent short of the necessary percentage.

Another Vote Favored

Although the proposal is now definitely defeated so far as the Nov. 8 election is concerned, backers of the school program were firmly of the opinion today that it should be resubmitted to the people at a later date.

J. B. Bray, who with Ellis Oiler is co-chairman of the Marion Civic Planning Group which sponsored the project, issued a statement today in which he said:

"That (referring to the recount) is the verdict and must be accepted."

"I would suggest that the entire school program be reexamined with the board of education in the light of the verdict at the polls and an effort be made to work out a more acceptable plan. An effort should be made to eliminate some of the objections to the defeated proposal."

"It is a situation that requires careful study and thought to make certain the best plan possible is devised."

At a recent meeting of the executive committee of the Civic Planning Group it was the general opinion that should the recount fail, the proposal would be resubmitted at a later election. Some favored a special election in January while others were of the opinion the vote should be carried over until the regular May primary. However, no date was reached, pending the outcome of the recount.

In some quarters today it was believed that the executive committee now would be in favor of delaying the vote until the May primary.

Victory Loan Train Coming
for 4-Hour Stay Thursday

Program Details Completed for Public Display of
War Equipment Starting at 8 A. M.

(Picture on Page 3)

A delegation from the Marion County War Finance Committee will be on hand at the late siding on West Center street at 8 a. m. Thursday to greet the Victory Loan train when it pulls into Marion for a four-hour stay.

The local group will be headed by Elmer J. Schoenlaub, committee chairman, Robert F. White, co-chairman, and Henry J. Huether, chairman of the special events committee.

Proceeding the public inspection of the train bearing arms and munitions for the battle front will be a short program to be broadcast over station WMRN.

Mayor Harry L. Dowler will extend greetings to Col. John F. English, train commandant, and Col. English will respond. A short talk on the need for the Victory Loan campaign, the 14th war loan will be made by Cecil W. Gable, principal of Vernon Junior High school and chairman of the bond drives in the schools.

The program will also be on the public address system carried as part of the train's equipment. After the program a member of Col. English's staff will go through the train with a portable microphone to describe the exhibits. This also will be on the air.

Train Open to Public

When the program and broadcast are completed the train will be open to visitors. Sponsors of the train's visit here expect several thousand to see the exhibits before the train pulls out for Akron at 12 o'clock.

In charge of the train will be a number of officers and enlisted men, all overseas veterans who have volunteered for service with the train.

The Marion train will be one of six similar units now on a tour of most of the United States in the interests of the Victory Loan drive.

Atom Hearing

McMahon Plans Full Probe
United Nations Debate
Warms Up.

By The Associated Press
WASHINGTON, Nov. 27—Atomic energy burst into the business of congress again today. The senate atomic committee began a long series of public hearings.

Chairman Brian McMahon (D-Conn.) announced this aim "To insure that atomic energy becomes a blessing to mankind and not a scourge."

He said this would require "the best judgment we are capable of." Therefore the committee intends to get all the basic facts about atomic energy—scientific, industrial, economic and social—and won't even consider any specific bills until it has done this.

Senate McMahon said the group doesn't want to waste time but feels "impelled" to bring out the facts "in the democratic manner." (The house military committee held two days of public hearings in its consideration of the May-Johnson atomic energy bill, which it approved. This bill would set up a commission to rule atomic development.)

Some news about the so-called Full Employment bill is expected in congress shortly. The house expenditure committee met today to consider a mild version of this measure, which is a compromise bill.

The senate bill is the so-called Full Employment bill, which is a compromise bill.

BRANDS ARMY'S
VIEW OF NOTE
AS "INFAMOUS"

Tells Pearl Harbor Probers
Only Cowards Could Have
Halted Japs.

By The Associated Press
WASHINGTON, Nov. 27—Cordell Hull today branded as "an infamous charge" the inference in an Army inquiry board's report that the note he handed Japanese "peace" ambassadors Nov. 16, 1941 touched the button that started the Pacific war.

The former secretary of state, testifying before a senate-house committee inquiring into the Japanese attack on Pearl Harbor, assailed in vigorous language the interpretations made by the Army board.

"I sat under that infamous charge for months when every reasonable minded person knew that the Japanese were attempting at that time to get complete control of the Pacific," Hull declared.

"Somebody who knows little about what was going on and who cries 'war' says 'Why didn't the United States make concessions and keep us out of war?'" he continued.

"Any reasonable person knows that the Japanese were bent on attack and knew that we could not have stopped them unless we had laid down like cowards."

Worked on Rumor

Hull earlier testified he had only an unverified report of the attack on Pearl Harbor when he conferred with the Japanese peace envoys at 1 p. m. Dec. 7, 1941.

Senator Lucas (D-Ill.) said members of the Army board probably would be called to explain their interpretation of testimony by former Ambassador Joseph C. Grew that the Hull note "was the document that touched off the button that started the war." Grew has challenged the interpretation.

The former secretary said he had not been called to testify before the Army board but had furnished it with documents.

He said he had been "genuinely brought into the report, apparently on the theory that the military element moving absolutely with Hitler on world conquest were not doing so and were not guilty, and that this peaceful government with which we were allied, forced peace-minded Tokyo and Hitler, that bunch of saboteurs into war."

Couple Exchange Woman's Club Reception Marriage Vows at Church Here Marks 50th Anniversary

MISS MARY ALICE PITTS, daughter of Mr. and Mrs. William J. Pitts of Prospect, and **Robert Stout Jr.**, son of Robert Stout of Richmond, were united in marriage this morning at a nuptial ceremony at St. Mary's Catholic church. The double ring ceremony was read by Rev. Father William J. Spiceman before an altar decorated with baskets of white pompons and green ferns.

Mrs. Lucille Ledley, sister of the groom, was the matron of honor and the bride's only attendant. She wore a gown of rosewood jersey and her shoulder length veil of silk illusion was extended from a tiara of orange blossoms. She carried a colonial bouquet of gold colored pompons.

The bride wore a gown of white slipper satin made with a long, torso waistline and trimmed with tiny satin covered buttons extending from the neck to the waist. The long-sleeved gown was fitted in points at the hands and the full skirt extending into a long train. Her full length veil of silk illusion was edged with Chantilly lace and held with a tiara of seed pearls and cut rhinestones. Her bouquet was of white rose buds from which fell white satin streamers caught with sweet peas.

Clifford Stout of Marion served his brother as best man. For her daughter's wedding, Mrs. Pitts was attired in a navy blue ensemble with which she wore gold accessories. The bridegroom's mother wore a black dress with gold accessories.

Following the wedding, a reception was held at the home of the bride's parents. The table was centered with a three-tiered wedding cake decorated with white roses. When the couple left on a wedding trip through the northern part of the state, Mrs. Stout was wearing a dove grey costume with brown accessories.

Mrs. Stout is a graduate of Prospect High school. Seaman Stout attended Richmond High school and just recently returned after serving 21 months in the South Pacific.

Out-of-town guests included Mrs. Joseph House, Mr. and Mrs. James Cortesi and Miss Viola Cortesi, all of Akron, and Mrs. James Pearpark of Cleveland.

Charles Joe and Brenda Joyce, Mrs. Louise Schneck and son Robert, Mrs. June Cafagno and daughter Sally, Mrs. Mary Gorenflo and son Denny, Miss Bette Schneck, Miss Rosemary Caserta and Bert Caserta Jr.

Thanksgiving dinner honoring James R. Jobe, discharged recently from the U. S. Naval Reserve, was given Thursday by his grandparents, Mr. and Mrs. Joe Bland of Waldo. Besides the honored guest and host and hostess, those served included his wife and his parents, Mr. and Mrs. D. S. Jobe of Marion. At the time of his discharge, Jobe was a radioman, first class petty officer. He was in service 34½ months and served aboard two different ships in the Atlantic and Pacific areas.

A luncheon meeting was held by the Child Conservation League board at Ringer's Inn yesterday. Covers were laid for 20. Reports on a rummage sale held last Friday and Saturday, and on the monthly radio program of the league were heard.

Mr. and Mrs. Morris Sager returned Sunday to their home in Lincoln Park near Detroit, Mich. after spending Thanksgiving day and the week-end with Mr. Sager's parents, Mr. and Mrs. J. R. Sager of Olney avenue. Mr. Sager was recently discharged from the Army after 29 months service, 13 months of which he was in the European theater.

Limestone is the most widely used of all rocks because of the great variety and importance of its industrial uses, and because of its widespread occurrence.

A RECEPTION was given at the Federation Home at 1125 East Center street marked the 50th anniversary of the organization of the Woman's club. Bouquets of chrysanthemums throughout the room bore congratulatory messages from clubs in the Marion County Federation and friends, and formed a colorful setting for the jubilee celebration. More than 300 guests, members of clubs in the federation, were received between the hours of 7:30 and 10 o'clock, by Mrs. Victor E. Dombough, president of the club.

Mrs. Florence Durfee and Mrs. Roy Hensel, all daughters of charter members of the club, and Mrs. W. N. Harder, president of the Marion County Federation and a member of the club. Assisting in receiving the guests were Mrs. E. F. McKinney, Mrs. J. P. Robinson, Mrs. B. B. Phinard and Miss Geraldine Hord. In the dining room, where Mrs. Fred Hoch and Miss Winona Hughes presided, the table was lighted with tall gold tapers in the center. The table was set with white cloths, white plates, white glassware and white flowers. The table was decorated with single pastel shaded chrysanthemums encircled with yellow roses. The assistants, all costumed in copies of gowns of several decades ago, were Mrs. James Arnold, Mrs. Philip Gutty, Mrs. Edwin B. Spohn, Mrs. LeRoy Adlard, Mrs. Robert T. Mason, Mrs. John K. Bartram, Mrs. Claire T. Crenshaw and Mrs. Warren Sawyer. In charge were members of the club's committee, Mrs. Carl W. Sawyer, chairman, Miss Hughes and Mrs. Lowell H. Guthery.

Familiar Scene
The setting was the scene of many meetings of the Woman's club, having been the home of one of the early members, the late Mrs. S. E. Barlow. The home earlier this year was bequeathed to the federation by the owners, the late Mr. and Mrs. Barlow. Of interest to the guests was a collection of the club's program dating from the first year of its organization. For roll call at the first meeting the members gave quotations from Washington Irving, and papers included "Up the Hudson," "The Red Rover," "The James Fenimore Cooper," Mrs. J. W. Wren and "Washington Irving." Miss Helen Vose. Serving as officers for the first year were Mrs. Powell, president, Mrs. B. Carlisle, vice president and corresponding secretary. Mrs. James Guthery, recording secretary and Mrs. Mary Atherton, treasurer. On the executive committee were Mrs. M. Keller, Miss Vose, Mrs. Carlisle and Mrs. J. W. Wren.

In addition to the daughters of charter members who were in the receiving line, the club roster also includes the name of a granddaughter of a charter member, Mrs. James Arnold, granddaughter of the history of the club. Mrs. James Guthery, recording secretary and Mrs. Mary Atherton, treasurer. On the executive committee were Mrs. M. Keller, Miss Vose, Mrs. Carlisle and Mrs. J. W. Wren.

The first literary club to be organized in Marion its history dates back to Dec. 13, 1895 when 13 women met at the Y.M.C.A. They were Mrs. Edward Boalt, Mrs. Horatio Chisholm, Mrs. McDeville Crane, Mrs. W. Z. Davis, Mrs. Edward Durfee, Mrs. Jacob Friley, Mrs. James B. Guthery, Mrs. Martha Keller, Mrs. Frank King, Mrs. C. C. Pettit, Mrs. Arthur Powell, Miss Hattie Taylor and Miss Helen Vose. Before the meeting on Dec. 30, 1895, the following eight names were added to the club roster: Mrs. Mary Atherton, Mrs. I. B. Carlisle, Mrs. V. E. Dombough, Mrs. Arthur Kling, Mrs. George Seafeld, Mrs. E. C. Smith, Mrs. H. M. Stowe and Mrs. J. W. Wren.

Variety of Subjects
Subjects chosen for study throughout the years have included the history, immigration and literature of different countries, international relations, a study of United States government and miscellaneous subjects including some original work. The club's interests have been local, state and national, and its members have served in civic as well as club work. Mrs. Frank King, who served as president of the local federation of clubs, also was for years a member of the city board of education. Mrs. W. N. Harder has filled the offices of president of the Marion County Federation of Women's Clubs, Central District and the Ohio Federation, was chairman of the program committee of the National Federation, chairman of the committee on International affairs and of the department of fine arts in the national group. To Mrs. Harder goes the honor of inaugurating the Pan-American Fellowship sponsored by the State federation which has brought to Ohio's state university during the last several years some student of central South America desiring study in the United States, and interested in furthering of mutual relationships between the two countries. Mrs. Carl W. Sawyer has served as vice president of the state and city federations, corresponding secretary of the state federation and president of the Marion County Federation. The club's membership is limited to 25. Meetings are held weekly on Monday from Oct. 1 to April 1, with an intermission at the holiday season. This year the study topic is "Understanding the Russians." Officers serving this year are Mrs. Dombough, president, Mrs. Chester C. Roberts, vice president, Mrs. Robert T. Mason, recording secretary, Mrs. Florence Durfee, corresponding secretary, Miss Geraldine Hord, treasurer and Mrs. David W. Evans, critic.

Richwood Girl Weds Akron AAF Veteran
Special to The Star
RICHWOOD—The First Baptist church was the scene Wednesday for the marriage of Miss Audrey Fox, daughter of Mr. and Mrs. Homer S. Fox of Richwood, and Tom T. Matye, son of Mrs. Florence Matye of Akron. The double ring service was read by Rev. Donald Holsen.

As the bride approached the altar with her father she wore a white satin gown with lace trimmed bodice and an extremely long train and veil of illusion. Her bridal bouquet was fashioned of white carnations centered with an orchid.

Mrs. A. L. Lindsay served as matron of honor for her sister in a petal pink satin gown styled with fitted bodice, long sleeves, and a full skirt which gave a sweeping effect. Anna Kay Gray, four-year-old daughter of Dr. and Mrs. Robert T. Gray of Prospect, also dressed in petal pink satin, dropped rose petals in the path of the bride. Mrs. Calvin Wells and Miss Wanda Martino were bridesmaids wearing blue satin gowns. Phyllis Cheney and Helen Cramer lighted the candles. Edward Block was best man while ushers were George Chima and Charles Hamlet.

Selections were played at the organ by Mrs. Charles Gill. Several vocal numbers were sung by William LeMasters. Mrs. Matye chose for the occasion a brown ensemble to which she pinned a corsage of yellow rose buds. Mrs. Fox wore black crepe with pink accessories and corsage of pink rose buds.

The bride is a graduate of the Richwood high school and attended Denison university at Granville last year. The groom is a graduate of Akron high school and at present is attending Akron university. He had completed one year of college before entering the service. Before Mr. Matye's discharge he held the rating of first lieutenant in the 9th Air Force. He received the Distinguished Flying Cross, also the Air Medal with twelve oak leaf clusters. He

MY CHOICE IS Gas

LET ME TELL YOU WHY!

"My reputation is at stake — I dare not take chances. I need a cooking fuel that's dependable — always ready — and provides any degree of heat, any speed, quickly and efficiently."

Such is the opinion of most top-flight Chefs. Almost without exception, they endorse Gas as the ideal cooking fuel. And such is the opinion of nearly 95% of the homemakers living along our lines. Where there's a choice — GAS IS PREFERRED!

Harding Opens Cage Season Tomorrow Against Delaware

Coach Bohyer Pleased with Prospects, Counting Up Good Supply of Court Stars.

By BILL COULTER
Coach Deway N. Bohyer's Harding cagers will take to the hardwoods tomorrow night for the first tilt of the season when they travel to Delaware. Bohyer appears to be rather pleased with the outlook for the coming season with a goodly number of capable looking boys on the roster.

Bohyer is considering dividing his boys into two groups for the first game. The varsity team will be made up mainly of seniors with a few juniors mixed in. The junior varsity squad will consist entirely of junior boys who have had some experience. However, there are many sophomores who have shown up good in practice and may be permitted to make the trip. If Mr. Bohyer carries out this plan this will enable him to experiment more with the experienced boys on the junior varsity squad and give these boys a chance to be advanced to the varsity.

The Varsity Lineup

The boys who will represent the varsity team tomorrow night will be: Don West, Laurie Feaver, Dick Holliday, Dave Lee, Jim Riley, Bill England, Ed Prender, Ralph Weber, Ray Ballinger, John Hachten and Dick Taylor. All of these boys are seniors with the exception of West, Riley and England who are juniors. Almost all saw some action last year with Hachten and Riley playing both varsity and junior varsity ball. On the reserve squad, Bohyer will carry: Jim Kramer, Dick Armbruster, John Cortright, Jim Murphy, Herb Phillips, George Miller, Glen Massie and Dick Babcock. Most of these boys were members of last year's junior varsity team and the experience they gain on this squad may aid them to make the jump to the varsity. In addition to these, there are several others who seem to have the ability but need a little more experience before they can land a starting position.

Bohyer is not completely sure of his starting lineup but he is planning on starting Don West at center, Laurie Feaver and Dick Holliday at the forwards. He is puzzled as to the starting guards since he has three good boys to choose from: Dave Lee, Jim Riley and Bud England.

Names Hurt

Jim Nemes, who saw quite a bit of action on last year's squad had the misfortune to injure his knee and may not be in shape for a couple of weeks.

The varsity game is scheduled to start at 8 p. m. with the J. V. tilt one hour later.

Following is the complete schedule for the season:
Nov. 28—At Delaware
Dec. 7—Bexley (here)
Dec. 14—At Bucyrus
Dec. 21—At Mansfield
Jan. 5—Piquette (here)
Jan. 11—Lima South (here)
Jan. 19—Columbus North (here)
Jan. 25—At Ashland
Feb. 1—At Columbus Central
Feb. 8—Akron Ellet (here)
Feb. 15—Ashland (here)
Feb. 19—Bucyrus (here)
Feb. 23—At Kenton

COACH TO WATCH. They're calling Cecil Isbell, mentor of Purdue university football team, the greatest coaching discovery in years. The former ace back for the Green Bay Packers in the National Professional league has been teaching the Boiler-makers only two seasons but the other Big Ten coaches already have a lot of respect for him because of beatings his team has given.

Governor To Sit In on Racing Conference

By The Associated Press
COLUMBUS, O., Nov. 27—Gov. Lausche will sit with the state racing commission in a special meeting here Wednesday.

The meeting was called at the governor's request.

Lausche has suggested changes in the regulation of horse racing and advocated the installation of totalizers, mechanical devices for automatically computing odds in the pari-mutuel wagering.

Dempsey To Referee CLEVELAND, Nov. 27—Jack Dempsey, former heavyweight champion, will referee one of the two-round feature bouts on the Cleveland News Christmas fund program at the Arena Dec. 3. Matchmaker Ed Bang announced today.

MT. GILEAD'S CAGERS LAUNCH PLAY FRIDAY

Morrow Countians Meet Amity in Home Floor Tilt.

The Mt. Gilead High school basketball team will open their season Friday night with the Amity High school team on the Mt. Gilead gym.

The Indians are expecting to develop into a very good team, since a veteran team will be on hand for the opener. John Loren, who was out last season due to a football injury, and Bob Jones, newcomer from Columbus East, are battling with Don Tennent and Clinton Moody, returning lettermen, for the forward berths.

Gels Competition
Bob Lancaster returning veteran center is receiving a lot of competition from Ken Williams, up from the reserve team, for a starting berth.

Junior Dix, outstanding player on last year's frosh team, is making his presence known for a guard position as he pushes Bill Taylor, Dick Campbell and Jim Millard, lettermen for a starting position.

Coach D. B. Noble, a graduate of Marion Harding High school, is starting his second season at the helm of the Morrow county school, and is being assisted by Dick King—football coach, Noble who has been in the coaching game for several years has produced some outstanding teams in his career.

In Mid-State League

Mt. Gilead is a member of the Mid-State league, along with St. Mary, Marysville and Richwood. And will meet the latter in the opening league game on Jan. 4.

The complete schedule:
Nov. 30 Amity, home; Dec. 4 at Iberia; Dec. 8 Cardington, home; Dec. 11 at Crestline; Dec. 14 Cheshireville, home; Dec. 18 Edison, home; Dec. 21 at Galion.

OSU All-American Candidate Wins Spot at Banquet.

By The Associated Press
COLUMBUS, O., Nov. 27—Warren Amling, 197-pound guard from Pans, Ill., and Ohio State's leading candidate for All-American football honors, will lead the Buck footballers as captain in the 1946 campaign.

Announcement of his selection by the lettermen of the '45 squad highlighted the annual appreciation dinner for the team last night in the men's gymnasium on the campus.

The turnout of 1110 let loose with one big cheer when Bill Hackett, the retiring (and retired) captain, brought Amling to the microphone of the public address system and said:

"Here's my buddy and your 1946 captain."

Bucyrus Cagers Open Season Friday Night

Special to The Star
BUCYRUS, Nov. 27—Bucyrus cagers prepared to open the season Friday night with the traditional first game with Tiffin Columbian which this year will be played at the home floor.

The game is the first of an 18-game schedule.

Last year's reserves will form the nucleus of this year's team including Kemery, Vaughn, Temple, Graham and Hertzler. Ralph Hubble, a senior is the only returning varsity man. Other promising men are Milton Graham and Dick Needles, both of whom saw some action last year.

DOUBLE BARRELED TROUBLE

Not Impossible To Beat Army, Navy's Coach Tells Himself

By The Associated Press
ANNAPOLIS, Md., Nov. 27 — "It isn't impossible for us to beat Army."

Those words came fresh from the lips of Commander Oscar E. Hagberg today as Navy's head coach began final preparation for the big game of the year with Army in Philadelphia Saturday.

And all over the Navy campus there were plain indications that the Midshipmen feel the same way about their annual clash with the mighty eleven from West Point.

On the front of Bancroft Hall, the Midshipmen dormitory, hung huge signs: "Beat Army!" "It can be done!"

Up in his office in the athletic department, Hagberg, fighting a severe head cold, dropped a thought here and there, which accumulated into an attitude toward one of the toughest assignments a Navy team ever has faced.

"We're preparing for Army just like any other game," he said and the implication was unmistakable that the Midshipmen are not awed by Army's 61-0 and 48-0 triumphs over Penn and Notre Dame respectively.

Against those two teams Navy settled for a 14-7 victory and a 6-6 tie.

Worst Day Against Penn
Saying in effect that Army's decided advantage over Navy in the Penn and Notre Dame results may not be as significant as they appear on paper, Hagberg explained:

"We had our worst day of the year against Penn. We fumbled all over the lot. If Army will make that many mistakes against us, we'll beat the Cadets."

"As to Notre Dame, the Irish thought they saw a chance to beat us. They played like a team in a dream. I couldn't conceive of them playing the same kind of game against Army the very next Saturday."

"And that thing about whether Notre Dame scored what would have been the winning touchdown against us late in the game left the Irish with a mental hang-over."

"I know how that preys on the minds of the kids. They fret about it for days and the next game rolls around before you can get them mentally ready."

Of another common foe, Michigan, Hagberg commented that the Wolverines "came to Baltimore with an idea they might beat us, but I doubt if they had any such notion against the Army in New York."

Navy Did Better
Army beat Michigan by 28-7. The Midshipmen improved on that margin by five points, 33-7.

Hagberg has resented criticism of his team's attack early in the season, and he touched on this point with:

"Nobody has held us scoreless this year, although Notre Dame came awfully close to doing so. And this will be the first time since 1928, when Army and Navy tied, 21-21, in another national championship game, that Navy has come up to the Army clash with an undefeated record."

He believes the Midshipmen are as "game-wise as they come".... that "those kids have done some things this season time and again that simply were not in the books".... in gaining recognition as probably the season's outstanding opportunists.

ARMY CINCHES NO. 1 SPOT IN GRID POLL

Ohio State Drops from 7th to 12th in Finals.

By The Associated Press
NEW YORK, Nov. 27—Eighty of the sports writers participating in The Associated Press poll to determine the country's ranking of college football teams rated the Army machine first place. Only two critics differed.

Tom Stephenson of the Eikhart, Ind., Truth, explained his first place vote for Indiana with the statement "Army and Navy are in a class by themselves, somewhere between the colleges and pros."

Harold Harris of the Knoxville, Tenn., News-Sentinel, continued his campaign to lift Alabama into first place in the poll, a spot Army has occupied since Notre Dame abdicated in mid-season a year ago.

The Cadets wound up with 809 points.

Navy, whom the Army hopes to make its eighteenth consecutive victim Saturday in Philadelphia, grabbed second in today's tabulation with 684 points.

Alabama is third and is followed by Indiana, the Big Ten's new champion; Notre Dame; Oklahoma A. & M.; Michigan; Pennsylvania; St. Mary's of California; who meet the Oklahoma Aggies in the Sugar Bowl Jan. 1; and Texas, leader for the Southwest conference race.

Holy Cross, the east's representative in the Orange Bowl, is thirteenth, the second ten being headed by Duke with Ohio State in twelfth place.

The Buckeyes' 7 to 3 setback by Michigan Saturday dropped the Ohioans from seventh place to the also-rans.

Bowl Battles Take Shape

Sugar Bowl Set; Whole Picture Expected To Be Complete by End of This Week.

By The Associated Press
NEW YORK, Nov. 27 — The year-end football bowl picture took definite shape today.

The unbeaten and untied Oklahoma Aggies and the once-beaten St. Mary's Aggies were named to the Sugar Bowl at New Orleans. By the end of the week the picture probably will be complete.

How It Looks
This is now things stand now:
Sugar Bowl (New Orleans)—Oklahoma Aggies vs. St. Mary's Aggies.
Rose Bowl (Pasadena)—Alabama vs. Southern California or Washington State.
Orange Bowl (Miami)—Holy Cross vs. opponent still to be named.
Sun Bowl (El Paso)—New Mexico vs. opponent still to be named.

Known Saturday
Alabama's Rose Bowl opponent will be decided by the U. S. U. C. L. A. game on Saturday. U. S. C. needs only a tie to gain the coveted spot, but a defeat will give the honor to Washington State.

The University of Miami, Louisiana State, Tennessee and Georgia have been prominently mentioned among the teams for which Holy Cross' Orange Bowl opponent will be named, whether Denver, Wake Forest, Virginia or Southern Methodist is expected to play in the Sun Bowl against New Mexico.

Texas needs only to defeat the Cotton Bowl, Tulsa, which beat Georgia Tech in the Orange Bowl last Jan. 1, may be invited to this bowl.

FOX AND NENHOFF TOP ARMORY WRESTLING CARD

4 Tilts Open Independent Cage League's Season at 'Y'

McMillen, Kirkpatrick, Martel and Roecker's Win in First Battles of County Loop.

Close games and one while Lee Cochran led the losers, today marked the opening and winners both with 16 points in the Marion County Independent Cage League's season last night at the Y.M.C.A. gym.

McMillen defeated Universal 35 to 13 to run up the score of the evening, a quarter streak accounting for his points. Roecker, with 16 points, was high man for the Cooler with 8.

Edged out Prospect 35 to the last two minutes of the game, the margin either team could close the second half. Martel sank 11 shots to clinch the win over Isaly 25 to 18.

After a last quarter spurt by the score tied at the 10-minute mark, Martel ran up a margin in the last quarter too large for Isaly to overcome.

He squeaked through to a 35 win over the Cochran after routing the Cochran in the first half. A heavy break in the last half put him back into the game, but he overtook Roecker's 25 to 18.

McMillen and Ray Smith led the winners with 10 points each.

Oil Strike Tests Fact-Finding Plan

By The Associated Press

WASHINGTON, Nov. 27.—Fact-finding as a remedy for industrial strife still lacked approval of the labor-management conference today, but the government prepared to give it a further test.

Secretary of Labor Rowell T. Tamm proposed a board to investigate the oil workers' wage dispute which precipitated the first major postwar strike on union demands for 30 per cent high pay. Fifty-three refineries were seized by the Navy.

A labor department spokesman said the CIO Oil Workers union offered no objections to the fact-finding scheme but that "varying reactions" were coming in from ten oil companies whose properties are under federal management.

The spokesman indicated the government plans to go ahead in an effort to hasten settlement and get the refineries back into private operation.

Grandson Finds Woman Dead at Home Here

MARYSVILLE, Nov. 27.—The seven-room farm dwelling of Mr. and Mrs. Armer Rauch, about a mile northwest of Broadway, was destroyed by fire of undetermined origin Sunday night. There was no one at home when the fire broke out and neighbors were unable to save any of the household goods because the fire had gained such headway. The property was insured.

Council Tables Ordinance Regulating Liquor Places

Issue Held Over for Two Weeks; Action Taken on Bid for New Airport.

A proposed city ordinance prohibiting the sale of intoxicating liquors from 12 p. m. Saturday nights until 12 p. m. Sundays, was tabled for two weeks by city council Monday night after a lengthy discussion in which liquor permit holders participated.

The Marion County Liquor Dealers association was represented by Tom Fisher, president, and a number of other members.

Fisher informed council of the liquor association's action to adopt a voluntary Sunday closing plan starting Dec. 2. He said that only two of the 45 permit holders in the city objected to the Sunday closing and he thought at least one of the objectors could be induced to go along.

Debate in council developed that the net result of the ordinance would be to stop the sale of intoxicants at midnight Saturday instead of 1 a. m. Sunday when most places now close, with the disadvantage of probable all day Sunday opening for sale of 3.2 beer.

The liquor dealers pointed out that should this hour be cut off it was likely that many of the liquor dispensing places would open on Sunday for the sale of low-power beer, which is permitted on Sunday by state law.

Council also determined to buy title insurance, costing \$500, to assure the city against loss should any litigation involving the title arise in the future.

Council received an additional certification of \$29,000 of city tax money from County Auditor Harry V. Mounts.

To Retire Bonds

Appropriations to the sinking fund from the general fund were made to retire (first department) equipment bonds in the amount of \$45,000. The bonds were authorized a year ago and held by the city as a treasury investment, thus saving approximately \$1,500 in interest charges.

First step in placing the \$600,000 city sewer program in operation was taken when council authorized the city engineer to prepare plans and specifications for a Clinton street sewer. The sewer was originally planned by the district assessment basis, but now will be included in the citywide program.

Council also:

Approved construction of sidewalks on both sides of Uncapher avenue from Keener avenue to the south end of the street.

Authorized the city clerk to notify property owners of assessments in connection with construction of storm and sanitary sewers on Fahey and York streets and Fies avenue.

ONE MAN CRIME WAVE

TOLEDO, O., Nov. 27.—Police today held 17-year-old Robert McNally, who they said confessed to a six-month wave of crimes that included nearly 100 robberies and impromptu in a fatal traffic accident. Police Captain Anthony A. Bosch said McNally was arrested yesterday as he fled a store after a petty theft and confessed to robbing 84 parking meters, looting several stores, stealing 14 automobiles and escaping once through police gunfire.

UPPER SANDUSKY, O., Nov. 27.—

Funeral services for John Pesartie, 67, of Route 3, Upper Sandusky, who died Saturday night at Oak Ridge sanitarium, in Green Springs, Ohio, following an illness of the past year, will be held Wednesday at 10 a. m. service at the Bringham & Co. funeral home at 9:30 a. m. will be followed by services at St. Peter's church at 10 o'clock in charge of Rev. William J. McKeown. Interment will be made in St. Peter's parish cemetery.

St. Mary Pupils To Seek Food for War-Torn Countries

A Campaign to Collect Canned Foods for the War Devastated People of Europe and the Far East

A campaign to collect canned foods for the war devastated people of Europe and the Far East will be conducted in the city in the immediate future under the sponsorship of the War Relief Services of the National Catholic Welfare Conference, with Rev. James J. Carroll, assistant pastor of St. Mary's Catholic church as chairman for Marion and Morro counties.

Twenty million cans of food is the national goal in the campaign and the local goal is set at 2,000 cans. While the campaign is sponsored by the National Catholic Welfare Conference, participation by all persons, regardless of creed, is asked in this worthy effort to aid the people in this part of the world who are facing one of the bleakest, saddest, and most rigorous winters in all their history.

The canned foods will be collected by the pupils of St. Mary's grade and high school who are asked to make solicitations in their particular neighborhoods, all the city covering practically all the city. Rev. Carroll points out. The campaign will get underway within the next few days, in order that the food may be assembled and shipped to one of the several shipping points for shipment abroad.

"There can be no greater charity at this Christmas time than sharing our worldly goods with those in these stricken lands," the campaign chairman points out.

Copy of Jap Surrender Papers Coming

An old tiger may develop a taste for human blood, being disabled from catching his usual prey.

Ted R. Gamble, national director of the war finance division of the treasury department, receives original documents signed by Japanese aboard U. S. S. Missouri for showing to Americans as highlights of the tours of the victory trains now visiting cities and towns in 40 states. Dr. Solon J. Buck, archivist of the United States government (left), and Lieut. Gen. Lawton Collins, deputy commander of Army ground forces (extreme right), show holding priceless papers as they turn them over to Mr. Gamble.

Facsimiles of the surrendered documents will be seen by residents of Marion and surrounding territory when the Army Ground Forces Victory Loan train visits Marion for a four-hour stop at the Erwin Hotel, 100 W. Main St., 10:30 a.m. Wednesday. The train will leave the center street next Thursday morning.

The tiger is found in every part of India from the slopes of the Himalayas to the Sunderbans swamps.

House Seeks To Cut Off Funds for Holding Strike Elections

By The Associated Press
WASHINGTON, Nov. 27.—Moving to call an immediate halt to government-supervised strike elections, the house appropriations committee today recommended all funds for this activity be canceled.

The recommendation, subject to approval of the house and the senate, is made in a \$1,131,552,312 appropriation bill to meet the needs of the federal government for the fiscal year 1946.

The committee also recommended that the cost of conducting strike elections during the next seven months be reduced to \$400,000 from the \$1,131,552,312 previously estimated.

Truman's request for nearly \$130,000,000 to spend between now and July 1 on scores of projects related to the war, included a \$1,000,000 for the Delaware, O., flood control reservoir.

Reclamation feared better in the deficiency appropriations bill sent to house. The committee allowed approximately \$17,000,000 which it said would be enough for recommended works.

The committee left the door open for later navigation and flood control appropriations with the explanation that some of the projects should have further investigation.

All had the approval of the Army engineers.

How It Adds Up

As recommended by the President, the committee had been urged to divide the supplemental fund this way:

Reclamation \$93,000,000.

Flood control (general), \$88,000,000.

Rivers and harbors, \$25,500,000.

Flood control (Mississippi Valley), \$15,000,000.

This is only a drop in the bucket as compared with long-range plans of Army and reclamation engineers for water programs that will put thousands of men to work over the years.

When the 1947 fiscal year begins on July 1, Congress will be asked to appropriate new millions for projects authorized before and during the war.

The total cost of this backlog of works runs over \$5,000,000,000. It is expected that peacetime appropriations for rivers and flood control will approximate \$500,000,000 a year. The amount for reclamation is anybody's guess.

The supplemental estimates for the rest of the current fiscal year (1946) was intended by the Army engineers as a definite start toward a normal scale of operations. The projects are scattered throughout the country.

Here is the way reclamation and Army engineers said they intended to spend some of the money:

Rivers and Harbors Projects

Loran Harbor, Ohio, \$131,000.

Flood Control (General)

Newport, Ky., \$300,000; Delaware Reservoir, Ohio, \$1,000,000; Muskingum reservoir, Ohio, \$1,000,000; Muskingum reservoir, Ohio, \$1,500,000; Bluestone reservoir, W. Va., \$3,000,000; Massillon, Ohio, \$300,000; Dealey reservoir, Ky., \$1,000,000; Dillon reservoir, Ohio, \$1,000,000.

Flood Control Gets Jolt in Congress

By The Associated Press
WASHINGTON, Nov. 27.—Flood control and navigation took a jolt yesterday. The house appropriations committee denied flatly President Truman's request for nearly \$130,000,000 to spend between now and July 1 on scores of projects related to the war, included a \$1,000,000 for the Delaware, O., flood control reservoir.

Child's Clothes Ignited From Gas Heater

Sandra K. Dall, eight-year-old daughter of Mr. and Mrs. George Dall of 193 Erie street, suffered slight burns Sunday morning when her clothes caught fire while she was standing before a gas heater in the home. The fire was put out by her nine-year-old sister, Joy Ann. She was treated by a local physician and her condition is reported to be "fairly good."

What Endocrine can do to bless you with a younger looking face

Think of the added beauty a more youthful face and throat can give! Then harken to this: Scientific research has proved that ENDOCRINE can, for most women, contribute to this desirable result in a way formerly thought impossible. Many thousands are now finding that ENDOCRINE actually helps to improve the skin itself, not just its transient, superficial "look." This is because ENDOCRINE, alone, possesses ACTIVOL. This ACTIVOL is a scientific replacement for women's own natural skin-rejuvenating substance. Absorbed by the skin, it helps to restore the normal growth of cells and tissues. It thus aids the skin to become fresher, smoother, more alluringly "alive." What bigger value can any woman young or old ask for her cosmetic dollars? The great majority get big improvement in only 30 days.

NEW YORK CENTRAL

The Water Level Route—You Can Sleep

One by one, wartime travel shortages and shortcomings are on the way out. But the 135,000 men and women of New York Central will never forget the cheerfulness and helpfulness passengers showed in those trying days. You shared rooms. You postponed trips. And when war traffic held up your trains, you met delays with a smile.

Do you wonder that such courtesy proved catching? Do you wonder that New York Central railroaders redoubled their efforts to be personally helpful? And they're still at it! For all the way from Boston to St. Louis, and from New York to Chicago, they've formed themselves into hundreds of Public Relations Groups.

Round Tables Get Results

Sitting in on these round table discussions are executives, engineers, station agents, switchmen, shop mechanics, men and women of all the 128 railroad crafts. Each is both teacher and pupil. For out of their exchange of experience and ideas are growing better ways to earn your goodwill.

Graduates in Good Manners

Nearly 30,000 have already enrolled, and more are joining daily. For they know their friendly helpfulness can mean quite as much to your travel enjoyment as the modern comfort of today's Great Steel Fleet... or the still greater luxury now being built into New York Central's Trains of Tomorrow.

"Company Manners"

Most Becoming thing to wear is a smile, says the new employee booklet, "Company Manners." You'll see that proved everywhere you go on New York Central.

Little Words

like "please" and "thank you" do a big job. You'll hear them used often and sincerely along the Water Level Route.

Ability

plus dependability is the important thing you'll find on New York Central, from signal tower to baggage room.

Victory Is Here, But U. S. Needs Bonds To Establish Peace

This is the first of five articles prepared to show the dollar and cents cost of victory and why the \$11 billion Victory Loan is needed to help foot the bill.

WASHINGTON, D. C., Nov. 27.—Although treasury department estimates indicate a rapidly declining rate of expenditures for war and its related activities, the outlay for the balance of the 1945-46 fiscal year will still be far in excess of normal peacetime government costs and far beyond tax income.

The flow of war expenditures cannot be turned off like a spigot with the arrival of victory. Millions of men cannot be stranded overseas. Hundreds of thousands must be restored to health and returned to their peacetime place in society. Mustering-out pay and veterans' benefits will provide their ante to get back into the game of life.

A grateful nation will foster educational opportunities for those G.I.s who desire it. Pensioners must care for those windowed and orphaned by war. The government must settle war contracts help industry return to a peacetime economy.

These are the bills of victory they will be paid.

The first third of the government's fiscal year ended as the Victory Loan began. For the eight months from November

through June 1946 total Government expenditures the great bulk of them for war related obligations, are estimated at \$32.2 billion. In this eight-months period taxes totaling \$22.5 billion are anticipated.

This leaves a \$10 billion deficit which has to be financed during the eight months.

\$11 Billion Victory Loan

The treasury hopes to raise at least \$11 billion in the Victory Loan to help meet this deficit, with \$4 billion to come from individuals. The treasury strongly urges individual bond purchases as a means of withdrawing extra dollars that could compete in an economy of scarce consumer goods and spiral prices to inflationary levels that would erase the value of money assets.

A breakdown of the \$38 billion anticipated federal expenditures for the November-June period shows:

That \$25 billion will go for war expenditures.

That \$8 billion will go for indirect war costs, including veterans' benefits, interest and tax refunds.

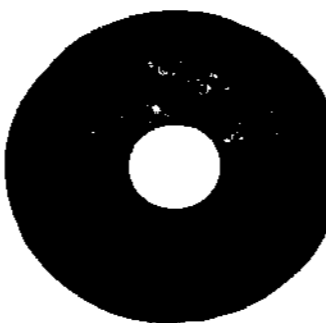

That all other Government expenditures will total \$4 billion, including non-recurring investments in the Bretton Woods agreement.

The estimated \$26 billion expenditures for war for the eight months is but slightly more than the \$24.5 billion that went for war costs in the first four months of the fiscal year.

Direct War Costs

Among these direct war costs expenditures for munitions, including equipment and military operations, are declining at the fastest rate. These items are estimated at about \$7.5 billion from

9TH INFANTRY DIVISION (Hitler's Nemesis)

Fought its way from Algiers to the Harz mountains. Suffered 22,724 casualties. Fought at Sened, Maknassy and Bizerte. Landed at Palermo, Sicily, and took Randazzo. Landed in Normandy on D-Day plus four. Captured off Cherbourg. Fought at St. Lo and Chateau-Thierry. Battled south of Aachen during the winter. One of the first divisions to reach the Remagen bridgehead. Cut the Cologne-Frankfurt highway and helped reduce the Ruhr pocket.

November through June as compared with \$13.4 billion spent from July through October of this year.

Pay and subsistence of the armed forces is expected to cost about \$11 billion in the next eight months. The cost for the first four months of the fiscal year was about \$6 billion.

Miscellaneous war expenditures are estimated at about \$7.5 billion for the November-June period as against \$3 billion for the first four months, an increase primarily caused by contract cancellation costs.

cused leaders would base their defenses on the claim they were unwilling servants of Hitler.

Jodl's speech before the Gauleiters Nov. 7, 1943, disclosed an official German admission that the German high command underestimated the strength of the Russians and dared not embark on an amphibious operation against England because the Royal Air Force could not be beaten.

The prosecution traced activities of the Nazis in secretly rearming Germany before Hitler denounced in 1935 the armament ban in the Versailles treaty. One letter addressed to Nazi philosopher Alfred Rosenberg, one of the defendants, disclosed in 1932 a plot for recruiting a military air force in civilian guise.

Children Only Happy Germans in China's Internment Center

By RICHARD CUSHING
AP Feature Writer

SHANGHAI, Nov. 27—Laughing children, busy at play, are the only happy Germans in the Kiangwan segregation center.

The few hard-bitten Nazi leaders interned in the large white former Japanese high school are grumpy, scowling, unattractive. Germans with less violent party ideals don't have time for much revelry. They're too hard at work making themselves and their families comfortable in the large, partitioned schoolrooms assigned to them.

The German wives, most of whom had Chinese friends in the army command, aren't happy either. They spend long hours cooking, peeling potatoes, sweeping floors, hanging curtains, arranging furniture and engaging in other household chores hard on finger nails and German tempers.

Ignorance is Bliss

But the children play blissfully, as they would in a Berlin kindergarten made of gingerbread. Mild-mannered Tinan W. Loo, who put in 20 years as registrar of St. John's university, runs the Kiangwan center with a hand not too heavy. There is little need for stern discipline, for the Germans are adapting themselves to the restricted life with no show of rebellion and little complaint, not that a complaint would gain them anything.

Tall and handsome Elgar von Randow, 41-year-old German career diplomat, is the appointed head of the internees. Years ago he was German consul at Peking. "Our main worry is that there's nothing decided about what's going to happen to us," is his chief plaint.

"Here we are. We received our notices to pack up and come. Now we're here and nobody has the slightest idea what for, or how long, or anything. It's just the feeling of uncertainty. The whole purpose of internment isn't clear. Are they going to question us, send us back to Germany, or what? It's the uncertainty that gets us."

Bowel Cleaning Power of Erb-Help Medicine

One man recently took ERB-HELP three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestine, bowels and whole system were so thoroughly cleaned that his constant headaches came to an end, several simply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

ERB-HELP contains 12 Great Berber's they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by all drug stores here in Marion.—Adv.

HIROHITO CALLS FOR Blood and Tears JAP VOTING REFORMS Gone but English Are Sweating Yet SEEK TO SAVE SHOCK VICTIM

By The Associated Press

TOKYO, Nov. 27—Emperor Hirohito, in a reading of an imperial rescript, today made election reform the number one function of the current diet and insured revision of current laws.

Standing before the imperial throne in the house of peers, the emperor read the brief rescript in heavy tones while members of both houses bowed deeply. The Japanese ruler was flanked on the right by princes of the blood and imperial household officials and on the left by Premier Kiuro Shidehara's cabinet.

Specific mention of election reform in the rescript insured action thereupon. The rescript statement limited to the house of representatives such reform, indicating there probably would be no change in the current appointive status of the house of peers despite considerable newspaper agitation.

The emperor wore his new official non-military uniform. In an absolute hush after the emperor ascended the four steps to the throne, Premier Shidehara walked slowly toward him with the rescript, then backed away reverently while all bowed. All windows above the first floor were curtained to prevent any subject from gazing downward upon the emperor.

By DEWITT MACKENZIE
AP World Traveler

LONDON, Nov. 27—The war is over (or is it?) but the people of England are finding fresh reason to recall the historic warning by Winston Churchill early in the conflict that he had nothing but blood, sweat and tears to offer them as they went out to meet the German hosts.

England gave her blood. She gave her tears until they ran dry. But though that phase of the war is in the background, there still remains the sweat.

England is facing a long period of sweat and privation which may be even harder to bear than the trials of war, because the stimulus of the battlefield and the urge for self-defense are lacking.

Yesterday Mrs. Mac and I told you that the people of England are mighty tired and more than a bit discouraged because there is no sign of any relief in the form of better food or other necessities. They had thought that once the war was over these things would improve—but that is not so.

The reason for this is one of the unusual developments of the war. England's foreign trade is her lifeblood. Naturally she lost most of it during the conflict because her resources were wholly directed to war purposes. Now she is faced with the problem (1) of restoring that all-important foreign trade, and (2) giving the home population the thousands of things they need after more than five years of war and she can't do both at the same time.

Needs Markets

The upshot of this is that the government has decided to devote most of its manufactures to foreign markets. In short, it is calling on a very weary population for a lot more sacrifice and sweat. There is to be a battle royal for world markets.

Committees have been appointed for the purpose of getting the country to "get industry in the position to meet the very hard competition they are going to meet in about two years' time."

He states that all major industries of the country are going to be lined up. These include cotton, pottery, furniture, hostery, boots and shoes.

It takes a fair amount to make John Bull laugh these days, but he developed a broad grin over an incident that befell Sir Stafford.

What does all this mean to the man-in-the-street and his missus? The distasteful side of this column partnership, who knows her England well through long residence here, has been investigating this point.

One thing that has impressed her especially is the large number of pinched faces one sees, and I had noted that too. There are two reasons for that—one being the strain of war and the terrible bombing which England endured, and the other, the thin and monotonous diet.

For instance, the food ration allows each person only 24 cents a week for meat, although there are three ounces of bacon besides. You get about one fresh egg and one small package of dried egg powder each month. Fish and rabbits aren't rationed and the result is that everybody queues up for this food. Many people take sandwiches to work with them so they can devote the lunch hour to a queue. Mrs. Mac saw a queue lined up at a shop selling horse meat—something unheard-of in England before the war.

As for clothing you can wait for it. Everything is out of style and thin. Runs in stockings are the order of the day. Rationing of clothing is tight. A man's suit goes for 26 coupons, and the law allows him 24 for a year. He has to beg or borrow the extra two. Many people stand in queues all day "only to get shoes."

There is a similar situation in respect to all necessities and luxuries.

Sure, the black market is in operation. If you are unscrupulous you can buy most anything you want.

touched off the button that started the war."

2. Senator Ferguson (R-Mich.) demanded that Grew explain why he told high Japanese officials on June 10, 1941, the presence of the American fleet in Hawaiian waters "constitutes no threat whatsoever to Japan."

Previous testimony showed the late President Roosevelt ordered the fleet to remain in Hawaii as a deterrent to Japan.

3. The committee prepared to obtain from Army and Navy intelligence officers information about warning messages that went out from Washington to the commanders in Hawaii. Especially, the group asked about the handling of a Dec. 7, 1941, cable sent by Gen. George C. Marshall to Lt. Gen. Walter C. Short.

SEEK TO SAVE SHOCK VICTIM

MT. GILEAD Woman Seriously Injured in Electrical Mishap; Inhalators Used.

Special to The Star

MT. GILEAD, O., Nov. 27—A Mt. Gilead physician and a pulmotor operator from the Galion City hospital were making a desperate effort here this afternoon to save the life of Mrs. Norman Peoples, about 55, who was rendered unconscious by an electrical shock at the North Electric Manufacturing Co.

The accident occurred at 11:20 a. m., shortly before the noon hour at the plant. Mrs. Peoples was engaged in testing coils for telephones. The company manufactures telephones and telephone equipment.

It was not determined immediately what caused the accident or how many volts passed through Mrs. Peoples' body. She was immediately rendered unconscious.

Dr. J. P. Ingmore, Mt. Gilead physician, was called immediately after the accident occurred. He took a small oxygen tank from his office and employed artificial respiration.

A call was put in for a pulmotor from the Galion City hospital and when it arrived was put in use by the operator who made the trip to Mt. Gilead.

At 1:30 p. m. the battle still was being carried on, but the physician was unable to determine whether it would be successful. Mrs. Peoples is a former Morrow county deputy recorder.

TRAIN

show the equipment and methods used in saving the lives of the casualties of this war.

Field Kitchen Included

In another portion of the car the public will be able to see what sustained the fighting men in the field. A complete field kitchen will be set up with expert cooks on hand to show the "C", "D", "K", "10-in-1", mountain and jungle rations.

On one of the flat cars the public will be shown one of the anti-aircraft searchlights, probably the largest they have ever seen. It is the 60-inch, 800 million candlepower light with its own power unit.

But, that isn't all. Right next to the huge light will be one of the Armored Corps new tanks, which the public will be able to enter and examine.

On another flat car, two marvels of modern warfare will be displayed. One, the huge 8-inch howitzer, feared by Jap and Nazi for its deadly fire. The other the 16-inch multiple machine gun, which has four fifty-caliber machine guns which are power-operated, capable of spitting out 2,400 rounds of steel per minute.

Enemy Equipment Listed

Last, but not least, will be a large exhibit of captured Japanese and German equipment. Heading the list, and probably the most interesting single item on the train will be copies of the Japanese surrender documents, on loan from the National Archives for the exhibit; the fabulous jewel-crusted baton, carried by the number two Nazi, Herman Goering, which was presented by General Truman to the President.

Among the German weapons to be shown will be the Schmeisser machine pistol, known to the allied troops as the "Burr" gun. Others include heavy and light machine guns, mortars, 7.92-mm anti-tank rifle, and the 7.92 Mauser rifle.

Japanese equipment will include: complete officers' and enlisted men's uniforms, light and heavy machine guns, Jap grenade discharger, mortars (including the famous "M" or "Mortars"), several inhumanly clever booby traps which were discovered and rendered harmless by more clever American troops. Also the 7.7-mm Arisaka rifle, anti-tank mines, 6.5-mm Arisaka rifles, anti-tank guns, etc.

Navy Club Launches Membership Drive

Ten new members were enrolled during a meeting Monday night which launched the membership drive of the Marion Navy Club.

In addition to the new members, 20 veterans of World War II, discharged from a branch of the Navy, were listed on the club's log. It is the aim of the organization to list the name and rank of all Marion county men who served in the Navy during World War II.

Several informal talks by members were given in which they explained the activities of the club and gave the history of its origin.

Plans for an Ohio Squadron meeting next Sunday were announced. Two meetings, one at 10 a. m. the other at 2 p. m. are scheduled for Sunday.

Representatives from Navy clubs in Ohio cities are expected to attend. Members and their friends are invited to attend the afternoon meeting. Headquarters for the state meeting will be the local clubroom at 121 West Church street. It was also announced nomination of officers will be held at the next meeting.

COUNTY BUYS U. S. TREASURY NOTES

\$75,000 in Temporarily Used Funds Are Invested.

Investment of \$75,000 of county's available unused funds in seven-eighths per cent U. S. treasury certificates of indebtedness, to present Victory Loan campaign, was announced today by County Treasurer Marion E. Hinkley.

While the money represents unused balance in the county funds available at the present time, it does not represent a surplus, the treasurer points out. Purchase of the certificates distributed among the banks in the city and county, Prospect, Caledonia, LaRue and the three local banks. The purchases are for one year duration, the time prescribed by law.
